Ms. S. Lansiquot

During a disclosure today it has come to our attention that your child may have been accessing an 18 certificate website called OnlyFans.

OnlyFans is an online platform which is free to join either as a creator or a user. Creators monetise their content by charging subscription fees for users to view it.

The content can take the form of photos, videos, live streams and one-to-one chats. In many cases, users are also required to pay for any additional content they would like to access. The site is aimed squarely at an adult audience.

Your child has disclosed possible access to explicit sexual content on the site. Obviously we have no way of knowing if this is the case but need you to make aware of the issue in line with our safeguarding policy.

We would strongly encourage you to apply filters to your home broadband and mobile networks to block this website. Details of these, along with information about OnlyFans can be found on the Anson website here:

We would also encourage you to talk to your child about the websites they are accessing so you can be sure they are accessing age-appropriate content.

Together we can work to ensure all children make the appropriate choices online both in school and at home.

Yours sincerely,

Saadia Lansiquot
